A general order of attachment is sought against Bell's property and that he be required to answer in open court as to what property he owns and what accounts are owing to him by his co-defendant, Van Der Veer, receiver of the Mutual Oil & Refining Company. It also is asked that the receiver be required to file an answer setting up what money, if any, he owes Bell and for an order directing him to pay plaintiff enough money to satisfy his judgment and costs in the former action. ## BOURBON MAN CANDIDATE IN FAYETTE COUNTY

The candidacy of Frank L. McCarthy, of Lexington, for County Attorney, of Fayette, has a decided interest to the people of Paris, from the fact that Mr. McCarthy is a native of this city.

The son of the late P. I. McCarthy, for years Cashier of the Deposit Bank, and one of the best-known business men in Paris, Mr. McCarthy inherited from his father a mind fully capable of tackling big problems, whether of a financial or legal nature. He received his early education in the Paris schools, ably supplemented by the private tutoring given by his father, whose mastermind carefully tended every avenue of learning for his son. Afterward successfully passing the high educational standards at Transylvania College he attended Yale University where his native genius soon asserted itself in rapid advancement in all branches of collegiate work until he reached the pinnacle, graduating with high honors. He served his country during the years of the great world-war, and there, as in other lines of human endeavor, he was in the forefront. Returning to Lexington, he began the practice of law, in which he has attained a high mark of success. Mr. McCarthy is an orator of the natural unaffected type, eloquent, persuasive, convincing, and with a thorough knowledge of what is before him in every problem he undertakes to solve.

He has a large circle of devoted friends in Paris, who are heart and soul with him in his candidacy, only regretting they cannot aid him with their votes. If wishing and hoping will get the nomination for Mr. McCarthy, there's a string of them as long as the moral law available in Paris. Here's hoping!

## SEEK PARDON FOR AGED EDUCATOR

A petition to Governor Morrow asking the pardon of Prof. T. B. Threlkeld, of Nicholasville, who was sentenced to life imprisonment last Wednesday in the Jessamine Circuit Court, for the murder of Arthur Denmon, was circulated in Georgetown by friends of the aged educator. The petition was signed by many persons, some of whom were former students at the school taught by Professor Threlkeld. Professor Threlkeld was graduated from Georgetown College in 1868 and is one of the oldest members of the alumni of the college. His son, Logan Threlkeld, is also a graduate of Georgetown College.

## PLAYGROUNDS FOR PARIS TO BE DEVELOPED

The Paris Community Service Board, at their meeting Tuesday night, decided to begin the immediate development of parks and playgrounds, and other recreational features for all the people of Paris. It is proposed to open as soon as possible four playground sites in different parts of the city, so as to reach the greatest number of children. Directors for these will be chosen out of the classes which Miss Fishback has been conducting. Work will begin at once in getting these sites in shape for use. In addition to the playgrounds, it is planned to develop some park sites which can be used, as well as children. The committee in charge of this work propose to get the city rock quarry in shape for a fine athletic field within the next six months or year. This will make one of the most valuable assets to the city because of its proximity to the City School.

A committee was chosen to have charge of carrying these plans out as rapidly as possible. Dr. M. H. Dailey, A. B. Hancock, Miss Lucy B. Simms, Catesby W. Spears, Judge Denis Dundon, E. H. Gorey are the members of this committee. To further the above plans a meeting will be held in the County Court room at the court house next Monday night, at 7:30 p. m. Since this plan is meant to give to the children and youth of Paris a chance to play and enjoy more of life, everyone will be interested in attending the meeting Monday night. Come out and you can have a share in making Paris a better place for all of us to live in. This is our job and we can do it.

## INJURED BY DYNAMITE

Jos. Riggs, colored, is a patient in the colored annex to the Massie Memorial Hospital, where he was taken Wednesday, suffering from the effects of injuries received by the premature explosion of a dynamite charge. Riggs, who was in the employ of John "Pete" Cain, in road construction work on the county pikes, was at work in the city rock quarry. A charge of dynamite had just been set in. The fuse burning low, Riggs went to investigate. He bent over the charge, when it exploded, the full force of the explosion striking Riggs in the face and chest. He was removed to the Massie Memorial Hospital. Physicians say he may lose the sight of one eye, besides being disfigured for life.

## BOURBON CIRCUIT COURT

When Court convened Tuesday morning the following cases were disposed of:

Commonwealth vs. Melvin Green, housebreaking, sentenced to two years in the Frankfort Reformatory; Commonwealth vs. Frank Speakes, gaming, fined \$250.

The case of the Commonwealth vs. Raymond Fryman, was called about noon. Both sides were announced ready, and the work of securing a jury was begun. Seven members had been secured when the Court adjourned, and the case was continued until Wednesday. Fryman and Charles O. Martin were charged with the malicious cutting of Lyle Bayless, a prominent Louisville business man, on the North Middletown pike, near Paris, several months ago. Martin has been serving a jail sentence for his part in the affair, which at the time became one of the most sensational happenings in this section of the State. The trial of the case occupied the entire time of the Court through Wednesday.

After exhausting the regular and an extra panel of jurors in the Fryman case, Judge Stout adjourned Court, and directed Sheriff Will G. McClintock to summon another panel. These were finally secured and from their number the jury was selected to try the case. Most of the talesmen declared they had a fixed opinion in regard to the case which could hardly be set aside.

When the case was called for trial Wednesday morning the big Circuit Court room was filled with a crowd eager to hear the testimony in this now celebrated case. The trial has attracted widespread attention because of the prominence of the parties involved, and the many unusual features developing throughout.

A large array of witnesses gave testimony in the case. After arguments by Commonwealth's Attorney Victor Bradley and County Attorney D. D. Cline for the prosecution and Attorney A. B. Thomason and John Williams, for the defense, the case was given to the jury, who retired to deliberate. After being in session about an hour the jury brought in a verdict of guilty as charged, and fixing his punishment at confinement in the Frankfort Reformatory for a period of three years. Mrs. Fryman, who was present in court when the verdict was read, gave way to her emotions and was with great difficulty restrained. Fryman was removed to the county jail to remain until taken to Frankfort.

Fryman, accompanied by Charles Martin, was on the way to Paris in an automobile from Kalapa Farm on the day of the attack. Bayless, accompanied by Mrs. Bayless, Mrs. June Bayless Lyons, sister of Mr. Bayless, and Mrs. S. P. Henning, of Fleming county, cousin of Mr. Bayless, were traveling in the same direction. It was brought out at the trial that the Fryman car passed the Bayless machine at a rapid pace, when Fryman's cap blew off. When Fryman bailed his car to rescue the cap he collided with Bayless' car, damaging the left rear fender of the Bayless car and the right rear fender of the Fryman car.

The youths told Bayless that if he agreed to pay \$10 for the damage done, nothing more would be said. Bayless refused, and Martin knocked the man down. As soon as he fell, according to witnesses, Fryman cut him three times in the back. Martin, it was shown, threw stones at the woman until a Mr. Noel, an employee of Kalapa Farm, arrived on the scene and took Martin and Fryman off Bayless.

Bayless was taken into the home of Walter Kenney, where medical aid was summoned. Mr. Bayless testified that he suffered for weeks as a result of the accident and is not yet entirely well.

The case of C. J. Tunny, of Covington, charged with transporting liquor from Covington to Paris, in company with John Cain, on the night of January 31, 1921, was called for hearing at the conclusion of the Fryman case. Testimony was introduced and the "evidence" produced in court. Tunny claimed he did not know that there was any liquor in the car, nor that when he started out, that he was coming to Paris. He stated that he had simply acted as a taxicab driver for John Cain. He was fined \$150, and given a sentence of thirty days in jail. Tunny was represented in the case by Attorney Brown, of Covington.

In the Court yesterday John Cain, of Paris, charged with transporting and having in his possession liquor in local option territory, and with violation of the prohibition enforcement law, was fined \$200 and given a jail sentence of thirty days.

At the opening of the Court during the calling of the docket, the cases of various citizens of Paris, against the Paris Water Company, were called. These cases are the outcome of actions taken by the Water Company in which it increased water rates to consumers, and threatened, unless the bills were paid at a stated time, that the water supply would be cut off. Injunctions were secured by the Paris Commercial Club preventing such action. When the cases called Attorney E. M. Dickinson, representing the Paris Water Company, gave notice of a general demurrer, and a motion to dismiss the mandatory injunctions.

Twelve prisoners, confined in the Paris jail for some time past, awaiting trial on various charges, ranging from bootlegging to murder, were brought into court yesterday afternoon, and after a statement of their cases, the Court assigned their trials for next Thursday.

Denials of reports that he would call a special session of the Franklin county grand jury to consider the

## NOTED TRAVELER VISITS PARIS

Paris was the recipient Wednesday for a short time of an honor that few knew of, the presence in the city of Jeff Davis, known the world over as "King of The Hoboes," a title bestowed on him by the Cincinnati Enquirer. Mr. Davis was here for a few hours in the interest of the Salvation Army, with which he has been working for some time, and was the means of having placed under surveillance a woman who has been operating as a member of the Salvation Army, soliciting money without authority from that organization. Mr. Davis was here but a short time, and was a caller at THE NEWS office, being introduced by the master-of-ceremonies, Roxie Davis.

Mr. Davis is one of the most unique characters in the world to-day. He has addressed over two hundred Rotary Clubs and business organizations innumerable throughout the United States, and has been welcomed everywhere. He was given the title, "King of The Hoboes," by reason of his peerless peripatetic performances. He is anything but a hobo. He has traveled over 800,000 miles in twenty-three years—an average of 103 miles every working day in that time—four times around the world—sixty times across the United States, and he admits that many days were not working days. He was born in the noted Mike Mullen's ward in Cincinnati, and has been there often enough to work on the Cincinnati Enquirer, and to acquire a wife and two children, the latter now sixteen and seventeen years of age.

Davis claims that he never attended school, but that his children have told him a lot about it on his quadrennial homing trips. Most of his medium of exchange has been from doing "hearth and home stories" for daily papers. Between times he is writing "Bradstreet's of the Sub-Basement," or "Who's Who in The Underworld." Incidentally he has sold over \$10,000,000 worth of Liberty Bonds, being second only to Douglas Fairbanks. Glorifying the hobo, he appears deeply concerned in keeping folks at home—having kept himself seriously on the labor question. But he is an artist, a poet, a singer of light song. His philosophy many not be holeproof, but the man who does not get new power impulses from Jeff Davis, King of The Hoboes, well, he is soul proof. He is one of the most unique characters in the United States to-day. His fervor and eloquence in the cause of the Salvation Army, and humanity generally, are only surpassed by his wit, sparkling humor, his knowledge of the world and his faith and love for humanity.

Himself a Catholic, he is donating his time and paying his own expenses in his efforts to assist the Salvation Army, because, as he told THE NEWS man, wherever he has been, in his four and one-half trips around the whole world, he has found the Salvationists there beating the drum and cymbals and doing a world of good to Catholics and Protestants, Jew and Gentile alike. Mr. Davis promised to make a visit to Paris in the near future and give a talk in the interest of the Salvation Army, and when he does come the people of Paris will be treated to a genuine surprise.

## GENTRY BROS.' CIRCUS

Gentry Bros.' dog and pony circus, to which has been added a few animals in the menagerie department, gave two performances on the Stimmus Wilson lot, on Winchester street, Wednesday afternoon and night. The performances were fairly well attended, farmers and tenants being busy with their crops, and the crowd in the city was somewhat smaller than usual. The performances were satisfactory to a large extent.

pardon of Frank Blair, convicted hold-up man, was made Wednesday by Circuit Judge R. L. Stout. "I have no immediate intention of calling a special session," he said. "The matter has not been brought to my attention officially. The next regular grand jury will meet in September, and I see no necessity of calling a special session."

When the case of Melvin Green, colored, was called for trial, the defendant entered a plea of guilty to housebreaking in entering the general merchandising store of Mr. Wm. Mitchell, in Centerville, and of jail breaking. Upon motion of Commonwealth's Attorney Bradley he was given a sentence of two years in the Frankfort Reformatory.

The grand jury adjourned yesterday after returning a number of indictments for various offenses.

# HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's  
Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful.

It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the commoner ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

Miss Hays is one of the few women postal employees in Kentucky who will be armed. She has been postmistress since April, 1920.

### MAN O' WAR WILL NOT RACE.

The persistent reports that have recently been in circulation to the effect that Samuel D. Riddle was seriously considering returning Man o' War to racing were emphatically denied by Mr. Riddle at his home in Glen Riddle, Pa. Mr. Riddle made the unqualified statement that Man o' War would not be returned to the running track, but would be kept on the stud farm at Lexington.

"There is no foundation for the report that I intend to permit Man o' War to race again," said Mr. Riddle. "I have repeatedly told those who have questioned me on the subject that Man o' War would not be returned to the turf. I cannot understand why reports to the contrary are being circulated."

## BASE BALL

The Paris Ruggles team will journey to Maysville, Sunday, where they will meet the Maysville team Sunday afternoon. Manager Crider has had his team doing practice work and is confident of beating the dwellers by the riverside in Sunday's game. Paris will have a splendid battery and with excellent support by the infield and outfield ought to be able to show the fast Maysville team some of the fine points of ball playing.

It is hoped a large crowd of rooters will accompany the locals to Maysville, Sunday, as their presence will help very materially in winning the struggle. Arrangements are under way for providing transportation by autos and trucks at a very reasonable figure for all who desire to go along. Help the boys by your presence. Systematic and persistent "rooting" has helped to win many a close game. Be on hand Sunday afternoon when play is called.

Of the game between Maysville and Paris on the local grounds last Sunday the Maysville Bulletin says: "Maysville was defeated by Paris, Sunday at latter place by a 6-to-3 score. Neither Fitch for Maysville or Nickels for Paris were batted hard, but the Bourbon boys proved the better 'mud horses' and outplayed the locals on a water-soaked field that was responsible for many errors. Shanklin performed at short for Maysville and was handicapped by a badly cut hand, which, with the muddy field, resulted in his booting several easy chances. Paris plays Maysville here next Sunday."

## COMMUNITY LEADERS SIGNED

The recreation classes being conducted by Miss Sophie T. Fishback in connection with the Paris Community Service program the proving highly successful. Monday night fifty joined in the grand march, headed by Mrs. H. B. Carr and Dr. M. H. Dailey. The march was directed by Mrs. J. C. Nickerson. The early part of the evening was spent in discussing community dramatics. Miss Irene Bramlette, a local leader in expression and dramatic art, gave an interesting talk on the value of community drama in the life of a community, as a means of expressions, closing with a number of clever impersonations.

At the close of the class Monday night thirty-six signed up as volunteer leaders for playground work and other community recreation. Last night the games were preceded by an address by Rev. Walter Cain, rector of St. Peter's Episcopal church on "The Church and Recreation." A large number of children was present and took part in the games and other recreations produced under Mrs. Fishback's community work.

The revival being conducted at the Georgetown Christian church by Rev. Jesse R. Kellum, who recently closed a highly successful revival in the Paris church, continues to attract large crowds. On Tuesday night the Men's Chorus from the Paris church gave a program of musical numbers, under the direction of A. L. Beatright and Singing Evangelist C. R. Richards, who is traveling with Rev. Kellums. The revival has resulted in creating great enthusiasm and interest in church work, and has brought a large number of additions to the congregation.

## FISH SEINERS FINED

State Game Warden A. W. Bullock, assisted by County Game Wardens Jas. D. McClintock and Wills Jacoby, visited the vicinity of North Middletown a few nights ago and raided a party of men who, it was alleged, were engaged in seining Stoner Creek. It was stated the men were from Montgomery county. The following persons were placed under arrest and brought to Paris: Guy Bond, E. L. McFadden, Homer Horne, Robert Mason, Vernon Kindred, Wm. Patchett, Owen Patchett and Gus Shimmfessel.

The men were taken before Magistrate L. J. Fretwell, of the Paris precinct for a hearing. All entered a plea of guilty, and each was fined \$24.50. The officers secured and confiscated two large seines, several lanterns, and other "gear" used by the seiners.

## THE CHAUTAUQUA JULY 8-15.

The Redpath Chautauqua will begin their 1921 engagement in Paris on July 8, and will continue through July 15, not so very far off. Every man, woman and child in Paris and Bourbon county should attend and get some of the benefits that come from this traveling university, for that is what a Chautauqua really is, after all. It takes to those unable to attend the university courses in various kinds of culture that but for the Chautauqua would never be given those who attend.

The Chautauqua brings to Paris the very best in instruction, and amusement and entertainment. There is nothing coarse or vulgar about the entertainment, nothing that can not be put to some use in the work of an every-day life in the instructive lectures and addresses. The Chautauqua is an opportunity to those who otherwise would never have the chance to enjoy the good things it brings. It is a case of bringing the mountain to Mahomet, since Mahomet cannot go to the mountain. It is the mountain of learning and culture and refinement, and Mahomet is the great common people, denied the privileges and opportunities of the city and university.

THE NEWS cheerfully gives this space, whatever it may be worth, to the coming Chautauqua. While operated as a money-making institution by its promoters, its benefits are so widely general and so wholesome that it is a pleasure to speak a good word for it. By all means, let us attend the Chautauqua July 8 to 15 and thereby insure its coming to Paris for another season.

The meeting will be held in the office of the Paris Commercial Club.

**FROZEN HARD**

With the thermometer standing at 88 in the shade yesterday it was below freezing in the new Thesco Freezer Display Counter at S. H. Shively & Son's meat market. A nice cut of pork loin that was on display in the counter was taken out to cut some slices from, when it was discovered that the pork was frozen clear through.

If you are not already a customer stop by and see this sanitary counter and you will leave an order for meat right then. The prices are right.

**REMEMBER THE BIG PICNIC**

Many of the surrounding towns are speculating, planning and wondering how they will observe the "Glorious Fourth of July," but none of them will have anything on Paris, when the day comes.

The big picnic being worked up for that day by the P. I. McCarthy Council, Knights of Columbus, promises to eclipse anything in the way of a "Fourth" celebration that will be given in Central Kentucky. They started out with that intention, and the Knights have never started anything they couldn't finish, and they are going to finish up this day with the record of having staged the greatest entertainment our people (or any other in the Bluegrass) have seen in many years.

**TUESDAY LONGEST DAY IN THE YEAR**

Tuesday, June 21, was the summer solstice, the day being the longest in the year. The sun was awake early, and retired late. The old earth wobbled a little, and turned the second post in the 1921 running of the "Eternal Sweepstakes."

The sun reached its farthest point on its annual journey northward at 5:36 o'clock Tuesday afternoon. There were 14 hours and 49 minutes from sunrise to sunset, the sun having risen at 4:15 a. m. and sank out of sight at 7:04 o'clock. Tuesday night was the shortest of the year, and also one of the hottest. From now until July 5, the sun will set at 7:05 o'clock, and after that date it will begin to set a few seconds earlier each day.

**TOO MUCH RELIGION CRAZES NEGRO MAN.**

Sheriff McClintock and deputies were summoned by a telephone message yesterday morning to Centerville, where citizens were holding under restraint a colored man named Will Dayton, whose mind had given way under the strain of religious fervor, induced by too constant attendance at a negro camp-meeting.

Dayton was brought to Paris, where he was confined in the jail. In the afternoon he was removed to the cell in the Sheriff's office, where his exhortations in loud voice, arrested the attention of passers-by. He was tried before a jury in the Circuit Court, and adjudged to be insane. Dayton was taken on the 3:45 interurban car to the State Hospital for the Insane, at Lexington, by Hospital attendants. His condition was pitiful in the extreme, and enlisted the sympathy of all who heard his wild and vociferous talks on religion and the message he had been given to save the wicked people of Bourbon county.

**IMPORTANT NOTICE TO CANDIDATES**

All candidates who expect to be in the race for the various offices to be nominated at the August election are required to fill out and file a notice of declaration and notification, also a statement of their election expenses before the day of election. The notification and declaration blanks must be filled out.

THE NEWS has received a supply of these blanks, which we are now ready to place at the disposal of candidates. Come in and get yours. Have them filled out and filed at a very reasonable figure for the service rendered. We are the only place these blanks can be obtained. Come early. (af)

**VOTE FOR PEARCE PATON.**

**SOMEBODY'S DOG**

A lonely dog, a Boston terrier, apparently looking for a master who has forgotten or lost him, can be seen every day lying on the stone steps at the front approach of the Paris postoffice. The dog is easily approached and very companionable, but refuses to desert his post, where he stationed himself over four days ago. Every time an auto drives up to the curbing the dog trots down, sniffs it from one end to another, then returns to his station near the door, unsatisfied that the machine belongs to his master.

Persons who have seen the dog are of the opinion that he came there in a machine with his owner, and followed him to the revolving doors of the postoffice unknown to his owner, who departed, perhaps through the Eighth street doors. Meantime the dog keeps his daily vigil, gravely inspecting all comers and sniffing each auto. Who owns this devoted animal?

KENTUCKIAN BOOMED FOR  
MAYOR OF NEW YORK

Sunday's Louisville Courier-Jour-  
nal carried, under a New York date  
line the following story, which will  
be interesting to the many friends  
of Mr. Wallis:

"A Kentuckian for Mayor of New  
York." This is a subject which is be-  
ing widely discussed among former  
Kentuckians in the metropolis, and  
present indications are that it is  
not at all improbable that the am-  
bitions of the local Blue Grass col-  
ony may be realized. The man pro-  
posed for Mayor is Frederick A.  
Wallis, who calls Paris, Ky., 'home,'  
and who has been prominently in  
the public eye in New York in recent  
years. Mr. Wallis is soon to retire  
as Commissioner of Immigration at  
New York, which post he assumed  
about a year ago after having served  
for several years as Deputy Police  
Commissioner, and a movement is on  
foot for his nomination as a candi-  
date for Mayor in the election next  
fall. Mr. Wallis declined this week  
to say how he would answer the pe-  
titions that he become a candidate for  
Mayor. The petitions, which are be-  
ing circulated by Charles Rozelle, of  
17 West Forty-second street, do not  
indicate whether they want Mr.  
Wallis to seek a party nomination or  
to run independently, but the move-  
ment to have him become a candidate  
is gaining ground. Mr. Wallis is a  
Democrat, and was appointed to his  
present post as Immigration Com-  
missioner by President Wilson.

FINEST ON EARTH  
SAYS MRS. COOPER

Troubles Overcome Five Years Ago  
By Tanlac, She Is Still  
Feeling Fine

"About five years ago I gave a tes-  
timonial about the good Tanlac did  
me, and as I have enjoyed the best  
of health ever since, I want every-  
body to know what a wonderful  
blessing the medicine has been to  
me all this time," said Mrs. Emma  
Cooper, of 1610 Eighteenth avenue,  
North, Nashville, Tenn.

"When Tanlac first came to Nash-  
ville I had been in a nervous, run-  
down condition for a long time.  
My health was so poor that I could  
not get out of the house and had to  
spend most of my time in bed.

"Well, Tanlac soon relieved my  
troubles and built me up to where  
life was worth living again and it has  
been my standby ever since. I keep  
Tanlac in the house all the time, and  
when I feel myself getting a little  
run down it soon has me feeling right  
again. It always invigorates me and  
keeps me feeling fine. I will always  
bless the day this grand medicine  
came my way. It rapidly restored  
my strength and energy after I had  
the 'flu' two years ago. I honestly  
believe it is the greatest medicine in  
the world."

MORROW WANTS RELIEF FROM  
PARDONING POWER

Governor Edwin P. Morrow, on the  
strength of his experience in the  
Frank Blair case, which he promises  
to probe to the bottom, will ask the  
next General Assembly to relieve  
the Governor of personal responsi-  
bility of pardons.

The Governor's idea is that the  
Board of Charities and Corrections or  
a board composed of the Attorney  
General, Secretary of State and some  
other officers, with an attorney em-  
ployed to investigate cases, should  
pass upon applications first, and that  
they should not come to the Governor  
except upon the board's recommen-  
dation.

The constitution gives the Gover-  
nor the exclusive pardoning power.

SAYS ELECTION ACTS DO NOT  
CONFLICT

The law providing that a candidate who is defeated in a primary cannot run in the general election is not in conflict with the non-partisan judiciary act which provides that candidates may run in two or more primaries, Commonwealth's Attorney J. B. Snyder, of Williamsburg, was told by Attorney General Charles I. Dawson. Snyder was of the opinion that the law providing that if a candidate is defeated in a primary he cannot enter the general election repealed the non-partisan judiciary act as it is a later act. The Attorney General holds that the acts are harmonious.

SWIFT & CO.'S WEEKLY PRODUCE  
MARKET REVIEW

The week showed some increase in the cream delivery. Prices remained generally unchanged. There is a good demand for butter, both for storage and current use. It is thought that the duty of 6 cents a pound on butter will restrict importations to some extent. Market quotations do not, in all cases, represent the selling price of butter, because only a small percentage of the arrivals from centralized, creameries will grade standards, and under-scoring butter is sold at a discount.

Quality of butter manufactured could be improved if more attention was given to the careful handling of the cream on the part of the producers, and if the cream produced was marketed more frequently.

It is important, if cream is to bring top prices, that it be clean, warm cream should never be mixed with cold cream.

The higher temperature throughout the producing sections is affecting the quality of eggs marketed, although there has been little change in the market quotations. To secure the highest prices, eggs should be gathered daily, kept in a cool place and marketed frequently.

It should be remembered that roosters are not necessary for egg production, that infertile eggs, produced during the summer months, have better keeping qualities and results in better prices.

A large volume of poultry was marketed during the week, resulting in slightly lower prices.

The supply of young chickens is increasing and bringing good prices.

BLAIR CASE BOMBHELL IN RE-  
PUBLICAN RANKS

Governor Morrow's "apology" for releasing Frank Blair, alias "John Doe," notorious Louisville bandit and would-be murderer, after he had served only 19 months of a five-year sentence, and the amazing revelations of the circumstances by which Blair's release was effected, has caused dismay in the Republican camp.

Whether the Governor's demand upon Maurice Galvin, of Covington, to "come through" with all the facts in the case will be met by Galvin in a conciliatory manner is a subject for wide speculation.

What will the outcome be? Will Galvin resign? Will he break with Morrow? Will the repudiation by the Governor of the platform pledge to investigate before granting pardons mean that he will have to fight out the remaining two years of his term with a Democratic legislature? All these and other questions are running through the minds of Republican leaders as they think of the effect of the Governor's faux pas.

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. OPP. COURT HOUSE

BORAH FORECASTS END OF RE-  
PUBLIC OF U. S.

"Establishment of bureaus to supervise the health of the people means the beginning of the end of the republic," declared Senator W. E. Borah, Idaho, in a speech before the Citizens' Protective Association, which is opposed to the Federal Regulation of Medicine.

Mr. Borah took "too much Government" as his text, declaring that "the time is coming when the Government will not only control what you say, but will control what you think."

"The time has come," he continued, "when we must fight to determine whether the country is to remain a Republic or whether it is to become a bureaucracy."

"When Napoleon took charge of the French government he replaced the 200,000 government officials with a force of 5,000, who performed the same amount of work."

"I believe that something like this performance could be duplicated in Washington. We have already approached within 20,000 of the number of office holders in the rolls of French Government before the French Revolution."

FALL RACING MAY CLOSE AT  
LEXINGTON

While no official announcement has been made, it is understood that the management of the Kentucky Jockey Club is seriously considering opening the fall racing season at Latonia instead of Lexington, with Louisville following and Lexington winding up racing in the Bluegrass State. If this arrangement follows, it is likely that racing at Latonia will start Monday, September 5, which is Labor Day. It will be the first time racing has ever been held so early in the fall at Latonia. It is likely that the Kentucky Racing Commission will meet before Latonia is closed and grant the fall dates.

Statisticians have figured that one person is killed every 35 minutes by motor vehicles in the United States.

CANDIDATES MAY FILE MONTH  
BEFORE VOTE

All candidates who file notification and declaration papers with County Clerks have until thirty days before the election to do so, Assistant Attorney General Logan said in an opinion given to J. F. Lamb, County Clerk of Caldwell county. Mr. Logan held that the clerks will have to disregard the provision of the law requiring them to furnish ballots for the primary thirty days in advance of the primary election. The two sections of the law are in conflict on this point, he said.

With her hands tied behind her back, fourteen-year-old Marion Goebel succeeded in swimming six miles across Long Island Sound.

## KENTUCKY TOWN HAS \$25,000 FIRE

Fire believed to have originated from a cigarette carelessly thrown in trash, destroyed the new Moore Hotel, with a loss of \$19,000; the L. Booth residence, loss \$3,000, and the H. Hawes building, loss \$3,000, at Wardfield, Ky.

The flames, originating on the second floor of the hotel, which had not been occupied, were discovered at 3 o'clock in the morning.

That numerous other buildings were not consumed was due to heroic work by bucket brigades. Especial praise is being given a crew of Spaniards employed in railroad construction, who formed a living chain passing water in buckets from Tug River.

## D. A. R. TO MARK SITE OF MARTIN'S FORT.

To-day will be a notable one in the history of the local D. A. R. organization, Jemima Johnson Chepter, the occasion being the placing in position and dedication of a granite marker on the site of the historic old Martin's Fort, near Ruddles Mills, in this county.

The ceremonies will take place at eleven o'clock, when the marker will be placed in position. An address will be delivered by Mrs. W. T. Lafferty, of Lexington, who is always a most interesting and eloquent speaker, and who will on this occasion give much history of local interest. At the conclusion of the exercises, the weather permitting, the members of the Chapter will enjoy a picnic lunch and social hour.

The scene of this interesting event is three miles from Paris by way of the Cynthiana pike, at the east side of the farm of Col. E. F. Clay. The entrance gate will be indicated by a large American flag.

The marker will commemorate the destruction of Martin's Fort by the British and Indian forces in 1780, which antedated the attack on Bryan Station and the battle of Blue Licks, which have passed into State history as among the most notable events. It was the beginning of an organized effort by the British to wipe out the Kentucky frontier forts at that time. Martin's Fort was one of the largest fortified points in the State.

It is expected that a delegation from D. A. R. Chapters from several surrounding towns, including the Bryan Station Chapter, from Lexington, will be present to take part in the ceremonies and the social program following.

Miss Helen Dowe, of Denver, Col., holds the distinction of being the first woman entrusted by Uncle Sam to act as fire guard in the National forests.

## JAZZ BLAMED FOR GIRLS LEAVING HOME

The lure of jazz music was explained and condemned before a girls' conference of women workers at the Twentieth Century Club by Miss Maude E. Miner, secretary of the New York Prohibition and Protective Association.

The speaker outlined dangers to young girls for dark galleries in moving picture shows and promiscuous automobile riding.

"In treating some of the Boston runaway girls who find themselves in New York I always sympathize with them," she said. "Many of them have a dull, inactive life at their work and have no recreation."

## COMPLETION OF KENTUCKY HOSPITAL NOW ASSURED

Agreement by the conference committee of the United States Senate and house to an additional appropriation of \$750,000 in the deficiency bill for the Government sanitarium for ex-service men at Dawson Springs, Ky., means that the entire 22 units of the hospital will be constructed within a short time. When the hospital was started it was estimated the hospital would cost \$1,500,000. It has been found, however, that materials did not drop as had been expected.

Mrs. Leach C. Marion, of Emporium, Pa., is Pennsylvania's only woman candidate for a seat in the United States Senate.
